

20<sup>th</sup> March 2020

Dear Parent/Carer

Further to our letter yesterday the government has provided an updated list of essential services/key workers in response to the Covid 19 situation as follows:

- Health and social care
- Education and childcare
- Key public services
- Local and national government
- Food and other necessary goods
- Public safety and national security
- Transport
- Utilities, communication and financial services

Please refer to the guidance at <https://www.gov.uk/government/publications/coronavirus-covid-19-maintaining-educational-provision/guidance-for-schools-colleges-and-local-authorities-on-maintaining-educational-provision> for further details.

Please contact the school if you meet the criteria by 2pm today so that we can assess how many children have key worker parents so that educational arrangements can be made.

Yours sincerely

Marcus Huntley  
Principal
