# Foreword

## A message from Jasmine Ali, Cabinet member for Children, Schools and Adult Care

### Dear student

Over the next few months you will be making important choices about what you will do after year 11. It's an exciting time with lots of options to think about.

This brochure will help you through the process. It gives you the information you need about the options available to you in Southwark.

Whether you want to:

- › start an apprenticeship
- › take up a traineeship
- › do a technical or professional course
- › or go on to A Levels

we have opportunities for every school leaver who wants to learn, work or train.

Whatever your future holds, there's something in Southwark for you.

One of the options you can look at is the great apprenticeship scheme the council runs you can earn and learn at the same time. Every year we offer lots of different placements to give people the real chance to meet their ambitions. As a Southwark Council apprentice, you will work towards a nationally recognised qualification, and will get the London Living Wage. If you are interested, you can find out more at [southwark.gov.uk/apprenticeships](https://southwark.gov.uk/apprenticeships).

Don't forget each sixth form has its own application process, either via its website or a specific form, so make sure to check each school's individual page in this brochure. We encourage you to attend open days so that you can tour the sixth forms or colleges and meet the teachers. Whatever you chose to do, the most important thing is to spend some time discussing with your teachers and family or carers, to decide what will be right for you and best suit your skills, interest and passions. That way you know you are choosing somewhere that is right for you.

Whatever you are thinking of doing you can get more information on your options by calling the Southwark Choices Team on 020 7525 4545.

We wish you the very best.

A handwritten signature in black ink, appearing to read 'Jasmine Ali'.

**Jasmine Ali**

Cabinet member for children and schools  
Southwark Council

## Deciding what you want to do next

### Post 16 timetable for September 2020 intake

<b>September/ October 2019</b>	<ul style="list-style-type: none"> <li>› Attend sixth form/college open events</li> <li>› Consider all your options: vocational or academic study, college or school, A levels or BTEC, traineeship or apprenticeship</li> <li>› Your in-school Careers Adviser can talk to you about your options and help you make applications</li> </ul>
<b>November 2019</b>	<ul style="list-style-type: none"> <li>› Use your school careers library to research career ideas</li> <li>› Talk to relatives and teachers</li> <li>› Visit <a href="http://nationalcareersservice.direct.gov.uk">nationalcareersservice.direct.gov.uk</a> for impartial and practical help</li> <li>› Continue to attend sixth form/college open events</li> <li>› Revise for your mock exams</li> <li>› Attend any sixth form open day events</li> <li>› Phone colleges that you are interested in to get an application pack, or check to see if they can be downloaded from the website</li> <li>› Start to apply to colleges and sixth forms. Some colleges fill up quickly, so get application forms in early</li> </ul>
<b>December 2019</b>	<ul style="list-style-type: none"> <li>› Need help? Speak to the Careers Adviser in your school or the Southwark Choices Team</li> <li>› Ensure all your application forms are complete and have been submitted</li> <li>› Sit your mock exams</li> </ul>
<b>January 2020</b>	<ul style="list-style-type: none"> <li>› Sit your mock exams</li> </ul>
<b>February 2020</b>	<ul style="list-style-type: none"> <li>› Prepare for interviews</li> </ul>
<b>March 2020</b>	<ul style="list-style-type: none"> <li>› Attend interviews when invited</li> </ul>

<b>April 2020</b>	<ul style="list-style-type: none"> <li>› Open a bank account if you do not have one, as you will need one when you are at college</li> <li>› Create a revision plan and stick to it. Keep revising</li> </ul>
<b>May 2020</b>	<ul style="list-style-type: none"> <li>› Your GCSE exams will start</li> <li>› Get your CV ready to look for part-time work. This is really important if you want to get an apprenticeship</li> <li>› Keep revising</li> </ul>
<b>June 2020</b>	<ul style="list-style-type: none"> <li>› Continue to attend interviews; If you cannot attend, ring and reschedule the interview</li> <li>› Continue to revise</li> <li>› Keep an eye out for interesting apprenticeships</li> <li>› Look for part-time work after the exams</li> </ul>
<b>July 2020</b>	<ul style="list-style-type: none"> <li>› Have a break</li> <li>› Try to get a part-time job and develop your employability skills</li> <li>› Get involved in summer activities</li> </ul>
<b>August 2020</b>	<ul style="list-style-type: none"> <li>› Make sure you are around to collect your GCSE results from school</li> <li>› Attend enrolment at your chosen school or college</li> <li>› Continue to apply for apprenticeships</li> </ul>
<b>September 2020</b>	<ul style="list-style-type: none"> <li>› Attend enrolment at your chosen school or college if you haven't already</li> <li>› Apply to the 16 to 19 Bursary Fund if you are eligible</li> <li>› Prepare for and attend apprenticeship interviews</li> <li>› Contact Southwark Choices Team if you do not have an offer of education or training</li> </ul>

## Southwark Choices Team

The Southwark Choices Team can offer you independent information, advice and guidance. We want to ensure that you are aware of the choices and opportunities available to enable you to achieve sustained economic independence in adulthood.

All young people identified as not in education, employment or training (NEET) are allocated an education and training advisor to support them back into Education, Employment or Training (EET).

The service offers support with advice on post 16 pathways and provision, CV writing, confidence building, support with making phone calls to employers, application forms (college, university or employment), job searches, national apprenticeship registration, interview techniques and preparation.

The Southwark Choices Team will also signpost you to other services to address any barriers to learning that you may be facing e.g. housing, social care, health services etc.

The service is Matrix accredited which is the international quality standard for organisations that deliver information and/or advice and guidance (IAG).

Contact us to find out more. Appointments can be booked by calling the team on 020 7525 4545.

## Information on Raising the Participation Age (RPA)

### What is 'Raising the Participation Age' [RPA]?

RPA is a duty placed on all young people by the Education and Skills Act (2008) to participate in education or training until their 18th birthday. Supported by parents/carers and schools, the government expects you to make your own decisions about how you wish to participate. We provide advice and support to young people through the Southwark Choices Team (see page 6 for more information on the team).

### Why was it introduced?

By staying in learning and training you can gain the qualifications and skills you need to help you to succeed.

Advantages include:

- › Making it easier to find and stay in a job
- › Having the ability to earn and give you a greater choice of career path
- › Being able to compete in the future local job market; providing pathways to opportunities where you can develop your qualifications and skills further in order to support your future career aspirations for example, higher education (university) or higher apprenticeships
- › You will have a greater chance to develop the knowledge and practical skills that employers are looking for.

### Does this mean staying at school until I am 18?

Once you complete your GCSEs and secondary education, there are a number of options available for you to choose from:

- › Continue in full time education or college
- › Start a work based learning programme such as an apprenticeship
- › Start full time work alongside part time learning which leads to an accredited qualification
- › Volunteering for a minimum of 20 hours a week alongside part time learning which leads to an accredited qualification
- › If you have your own business and are self employed, you can combine this with part time learning which leads to an accredited qualification.

### What duty does Southwark Council have?

- › Sufficient suitable education and training provision for all young people aged 16 to 18 in the borough
- › Promote the effective participation in education and training of 16 and 17 year olds in our area with a view to ensuring that those persons fulfil the duty to participate in education or training
- › Make arrangements to track the activity of 16 and 17 year olds, and identify those who are not participating in education or training or who have left provision, to enable us to offer support as soon as possible through the Southwark Choices Team
- › Identify 18 year olds who need support to engage with education or find work and who aren't already receiving support from their Jobcentre Plus.

## Choosing the right pathway for you

### How to choose?

You may already have an idea about your future journey, such as applying for higher education or a particular career. Some careers and university courses require you to have qualifications in specific subjects. Speak to your careers adviser at school or an education and training adviser in the Southwark Choices Team. Based on your talents and needs they can advise on the best decision for you.

If you are unsure, it is usually best to go with subjects you are likely to do well at and enjoy. You will still need to check what you can do with these subjects and try to keep your options open.

The following checklist may be useful for you to consider when thinking about which pathway is right for you:

- › How does the course build on your strengths and interests?
- › What will you be doing on the course and what will the workload be like?
- › Where will the course lead you to and how do you think the qualification will bring you closer to your career goals?
- › What will you need to do in order to achieve a good result?
- › Is there someone you know who you can talk to about this option?
- › Are there any other similar opportunities you could consider?

### Foundation, pre-apprenticeship programmes and short courses

If you leave school in year 11 with no or few GCSEs, BTEC or other level 2 passes, you may need to do some short courses or a pre-apprenticeship course.

A pre-apprenticeship course is a stepping stone to get into the industry of your choice. Completion of a pre-apprenticeship course will help to prepare you for the working environment in the selected industry, give you some basic skills, or improve your existing skills. This will help you to progress onto a level 2 course or a traineeship. There are also training providers who offer short courses or work experience to help you develop your employability skills or gain other types of qualifications relating to specific industries e.g. CSCS (Construction Skills Certification Scheme) card, first aid, football coaching.

### Applied general qualifications - BTECs level 1 to 3 or National Vocational Qualifications (NVQs)

These offer broad preparation for and introduction to a vocational area such as health and social care, travel and tourism, engineering, and performing arts. They combine academic study with practical learning. Some students study a BTEC level 3 alongside two A level courses.

### Technical level qualifications

These prepare you for a specific career route such as engineering, hospitality, computing, animal care or accounting.

Tech Levels are 2 year Level 3 qualifications - equivalent to A levels; that lead to a specific occupation and are available in a whole range of different areas from agriculture, horticulture & animal care to retail, hospitality & Commercial Enterprise. They are designed by professional bodies, employers and universities so that they are relevant and up to date. They include at least 3 months work experience and the opportunity to build transferable skills and knowledge related to the job area. You can progress on to apprenticeships, jobs and university after completion of Tech Levels.

Students who take one or more technical levels, a Maths qualification at level 3 and undertake an extended project can achieve the Technical Baccalaureate.

### Academic qualifications – A levels

Students now sit all A level exams at the end of two years of study, instead of taking modular exams throughout the course.

AS level results no longer count towards A level grades. No subject will have more than a 20% coursework component and most courses will be assessed entirely through exams.

### Traineeships

A traineeship is real work experience with training. These are designed to help young people aged 16 to 24 years old gain the appropriate skills and experience needed to secure an apprenticeship.

They involve work preparation, work experience, Maths and English. Unlike apprentices, trainees are not employed and can undertake the traineeship for six weeks or up to six months.

### Apprenticeships

Apprenticeships are a route for students who want to gain qualifications, progress in a chosen career and earn a salary. Apprenticeships combine paid work with learning, which usually takes place at a college. You will gain a nationally recognised qualification. At college you learn practical, work-related tasks designed to help you develop the skills and knowledge to effectively do a particular job and then put it into practice, which provides the evidence of your competency for your qualification. There are a range of different job roles and qualifications with various employers across London.

You will need to apply for an apprenticeship by completing an application form. If the employer thinks you may be suitable, you will be invited to attend an interview and possibly take an assessment test.

Apprenticeships are one to five years in length depending on the qualification level. Sometimes apprenticeships lead to a full time job at the end of it. See the government's website <https://www.gov.uk/apply-apprenticeship>

## Which pathway is right for me?

Which pathway is right for me?

What is my current level/predicted grades?	What education or training courses can I study?	What can I do after I complete the course?
5 or more GCSE passes at grades 4 to 9 including English and Maths	A levels BTEC level 3 diploma or extended diploma or other level 3 vocational course advanced apprenticeship	Progress to university, a higher or degree level apprenticeship or employment
Less than 5 GCSE passes at grade 4 or above or BTEC level 2. English or Maths at grade 3 or below	BTEC level 2 or 3 certificate, subsidiary diploma or other vocational level 2 course and Maths and English (often one year programmes)	Progress to a level 3 course, an advanced apprenticeship or employment
Grades 1 to 3 at GCSE or BTEC level 2 pass. Grades 1 to 3 at GCSE in Maths and English or Functional Skills level 1	BTEC level 2 certificate or other vocational level 2 course plus Maths and English (often one year programmes)	Progress to a level 3 course, a traineeship, an intermediate apprenticeship or employment
No GCSE, BTEC or other level 2 passes	Foundation programme or pre-apprenticeship including Maths and English (one year or less)	Progress to a level 2 course, pre-apprenticeship course, a traineeship, or employment

**There will be specific entry requirements for individual subjects and courses, and some subjects have higher entry requirements than others.**

**If you do not achieve a minimum of a grade 4 at GCSE in Maths and English or level 2 Functional Skills, you will need to continue studying Maths and/or English.**

# Apprenticeships

Apprenticeships give you the opportunity to work, learn and earn all at the same time.

You will work for a real employer alongside other experienced staff. You will be earning a salary, gaining valuable work experience and employability skills, and you will gain a qualification.

Apprenticeships are available in over 1500 job roles covering more than 170 industries, from advertising, to youth work, environmental engineering or nuclear decommissioning.

The government are looking to increase the number of apprenticeships that are available in the UK over the next few years and we are committed to increasing the number of apprenticeships available across the borough.

## Types of apprenticeship

You can apply for different types of apprenticeship based on your current skills and qualifications:

- › Intermediate level (level 2)
- › Advanced level (level 3)
- › Higher (level 4,5,6 and 7)
- › Degree (level 4 and 7)

Higher and degree apprenticeships mean more specialised and highly skilled apprenticeships are being offered each year.

## When can I start an apprenticeship?

If you live in England and are aged 16 or over, you can apply to be an apprentice. You can start an apprenticeship on the first day after the last Friday in June (official school leaving date in England) as long as you are 16 or become 16 before 1 September of that year. You will need to be living in England and not in full-time education.

## Entry requirements

All vacancies on the find an apprenticeship website will clearly state what the entry requirements are for the job role being advertised. There will be different entry requirements depending on the industry, job role and apprenticeship level.

A large number of apprenticeships require 3 to 5 GCSE's at Grades 9 to 4 and there is a requirement to continue to study Maths and English if you have not reached grade 4 or above.

## How much will I earn?

The minimum wage for apprentices aged 16 to 18 is £3.90 per hour, however most employers pay more than this.

## Training and qualifications

During your apprenticeship you will also receive training to gain a nationally recognised qualification in your chosen area. Your employer will be working with your training provider to ensure the programme is structured to support you to gain the skills you need for the job.

### How do I find and apply for an apprenticeship?

Applying is easy with the find an apprenticeship website, the online vacancy site provided by the National Apprenticeship Service. You need to create an account, log all of your information and set preferences before applying, usually by completing an online application form and answering a few questions set by the employer. This resource is available at [www.gov.uk/apply-apprenticeship](http://www.gov.uk/apply-apprenticeship).

If you are in year 11 and are interested in applying for an apprenticeship you can talk to an adviser in the Southwark Choices Team on **020 7525 4545**. They can advise you on what you need to do to ensure you are prepared and have the right skills to apply. They also receive weekly information on apprenticeship opportunities that might be suitable for you.

**"I knew university wasn't for me. I had my A Levels under my belt but my goal was to get a job that set me up for a career straight away."**

**Fiona Keenaghan, Civil Engineering Technician**

I looked at a lot of different options, even some that weren't related to my A Levels. I found this really interesting civil engineering apprenticeship which would give me the chance to work across lots of teams and had great opportunities to move higher up in the company.

I knew there weren't many women in engineering but that didn't bother me one bit. I didn't give it any thought when I was applying and I haven't noticed any difference now I'm on site. When they offered me the role I decided to give it a shot and it's been great.

When I finished the apprenticeship I started work on my HNC. Once I've finished studying I'd like to be a project manager with CH2M. They have so many projects in London and overseas with lots of opportunities. I'd love to travel with the job if I can.

An apprenticeship has given me all the good parts of studying but with real work experience. It's connected me to opportunities I might not have had if I'd gone to university. Missing out on freshers' week was tough at the time but now I'm set up for life. I'm really glad I went for the apprenticeship when I did."

# Case study

**Fiona Keenaghan,  
Coastal Engineer**

## Where can you study or train?

At the end of year 11 you have a number of choices of where to study. It is worth doing some research into the ones you are interested in. You can find information on the internet. Open days or taster days are available to see what its really like and whether you think its right for you.

### School sixth forms

Schools sixth forms primarily teach A levels but some may offer vocational courses such as BTEC's at level 3. Most also offer resits in GCSE Maths and English if you did not get a 4 or above the first time round.

Schools sixth forms are smaller than most sixth form colleges and further education colleges.

You don't usually have to wear school uniform but smart clothing may be required and you will need to attend every day.

### Sixth form colleges

Sixth form colleges are for 16 to 19 year olds. They have on average 1,200 students studying from entry level up to A-levels and BTEC nationals.

They offer a wide range of courses including applied courses.

Although there are no sixth form colleges in Southwark there are a number in neighbouring boroughs that you can apply for.

### Further education colleges (FE colleges)

FE colleges offer a broad range of courses at all different levels including entry level, ESOL, GCSE's A levels, BTEC's, traineeships, apprenticeships and vocational and occupational courses.

FE colleges are large organisations and they may have more than one site. There is no upper age limit.

### University technical colleges (UTCs)

If you know the sector you wish to pursue a career in and want to develop specialist skills you may apply to a UTC. Technical specialisms include engineering, manufacturing, health sciences, product design, digital technologies or built environment.

### Training providers

If you did not gain any qualifications in year 11 you may need to take some short courses or combine education with employment or work experience.

There are training providers in and around the borough that can offer courses in a wide range of subjects from hairdressing to football association coaching badges, to construction skills certification scheme (CSCS) cards.

For more information on these please contact the Southwark Choices Team on **020 7525 4545**.

## What comes next?

### Your choices after you have completed your chosen pathway at 18

#### University

Some professions (e.g. architecture, teaching or medicine) require a degree. Many more employers now expect their staff to have high levels of education.

However going to university gives you the chance to study a subject you are passionate about. In higher education you can develop valuable skills to give you a wider range of career opportunities. University can offer an environment rich in social and cultural experiences - a chance to become more independent, broaden your horizons and try out new interests.

For a few people, choosing a subject to study is simple – you will either be clear about your career path and need a specific degree to follow it or you have always had a passion for a particular subject. However, for most there is a bewildering variety of courses, many of which involve subjects that are not taught in schools or colleges. So you need to do your research to narrow your choices down.

For more information visit:

[www.ucas.com](http://www.ucas.com)

<https://university.which.co.uk/>

#### Higher and Degree Apprenticeships

A higher apprenticeship leads to a higher education level qualification (at level 4, 5, 6 or 7). Qualifications on offer include NVQ (National Vocational Qualification) level 4, HND (Higher National Diploma) and foundation degrees.

Degree apprenticeships offer a full bachelor's or master's degree.

Apprenticeships last a minimum of one year, but at higher or degree level, you could be looking at up to four, five or six years.

Degree apprenticeships are increasing offering various roles such as accounting, advertising and aerospace engineering, with new apprenticeships being developed all the time.

You can even become a qualified solicitor. Not all jobs are represented yet, but more highly skilled apprenticeships are popping up each year.

For more information visit:

[www.getingofar.gov.uk](http://www.getingofar.gov.uk)

<https://nationalcareersservice.direct.gov.uk/>

#### Employment

At 18 you can leave education and get a full time job. You can register on various job sites or with an agency which will give you access to a number of opportunities.

For some top tips visit:

[www.whatemployerswant.org/young-people/seeking-work/overview](http://www.whatemployerswant.org/young-people/seeking-work/overview)

#### Other routes

There are other routes you can follow once you have completed further education or an apprenticeship.

You can take a gap year, look for an internship, work and take a professional qualification or a distance learning course.

For more Information visit:

[www.notgoingtouni.co.uk](http://www.notgoingtouni.co.uk)

#### Support into Employment

Southwark Works is a network of projects to support Southwark residents into employment.

For more Information visit:

<https://www.southwarkworks.com/>

email [info@southwarkworks.gov.uk](mailto:info@southwarkworks.gov.uk),  
call: **07791 846285**

or visit their offices at  
376 Walworth Road  
London

## Ark Globe Academy **Academy**

**Headteacher:** Matt Jones

 020 7407 6877

**DfE number:** 210/6912

 [arkglobeacademy.org](http://arkglobeacademy.org)

**Specialisms:** Maths and performing arts

 [info@globeacademy.org](mailto:info@globeacademy.org)

 Harper Road, SE1 6AF

### Courses and subjects offered:

#### A LEVEL SUBJECTS

- › Art and Design
- › Biology
- › Chemistry
- › Computer Science
- › Economics
- › English Literature
- › Geography
- › Government and Politics
- › History
- › Mathematics
- › Media Studies
- › Physics
- › Psychology
- › Sociology

#### LEVEL 3 SUBJECTS

- › Professional Pathways in Business (BTEC level 3)

#### GCSE RE-SIT SUBJECTS

- › English
- › Mathematics

### How to apply:

For full details on how to apply, please visit the academy's website.

### Academic entry requirements:

- › Five grades 5 to 9 including English and Maths at GCSE.
- › Grade 6 or above at GCSE in the A level subjects chosen (grade 7 or above in Maths, Chemistry, Physics, Art and Computing Science).

### Published admission number:

The published admission number for year 12 is ten. This is the number of places which will be offered on an annual basis to eligible external applicants only.

## 6TH FORM OPEN DAY/EVENING DATES

For information please email [n.barcinska@globeacademy.org](mailto:n.barcinska@globeacademy.org)

## Oversubscription criteria 2020 summary:

### Contact academy for full criteria

If year 12 is oversubscribed then, after the admission of students with special educational needs where the school/academy is named on the statement or education, health and care plan, the criteria will be applied in the order in which they are set out below to determine which student should be given priority for the places available on chosen courses, providing they have met the sixth form entry and course requirements:

1. Looked after children and previously looked after children.

---

2. Children of staff at the school where there is a demonstrable skill shortage. Children of members of staff will have priority in the oversubscription criteria if the staff member is filling a post for which there is a demonstrable skill shortage. Priority will be limited to one place for each form of entry in any year.

---

3. Children who at the time of the admission have a sibling who attends the academy. For this purpose sibling means a whole, half or step-brother or half-sister or an adopted child resident at the same address.

---

4. Children of staff in the school. Where there is no demonstrable skill shortage, priority may be given where the academy is oversubscribed to a child of a person who will have been employed in the academy for two or more years at the time the application for admission is made. Priority will be limited to one place for each form of entry in any year.

---

5. Distance measurement. Priority will be given to those children who live closest to the school using a straight-line measurement taken from the academy building's main reception to the main entrance of the child's home.

---

 Shorncliffe Road, SE1 5UJ

### Courses and subjects offered:

#### A LEVEL SUBJECTS

- › Art
- › Biology
- › Chemistry
- › Economics
- › English Literature
- › French
- › History
- › Geography
- › Maths
- › Photography
- › Physics
- › Psychology
- › Sociology
- › Spanish

#### LEVEL 3 SUBJECTS

- › BTEC Applied Science
- › BTEC Business Studies
- › BTEC IT Practitioner
- › BTEC Performing Arts

### How to apply:

For full details on how to apply, please visit the academy's website.

### Academic entry requirements:

- › Minimum five grades 9 to 5 GCSEs including English and Maths at grade 5 for entry. A level pathway will require grade 6/7 in named related subjects. Please see website for full details of the specific entry criteria for each.

### Published admission number:

The published admission number for year 12 is 30. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 70 of the academy's own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 100.

**6TH FORM OPEN DAY/EVENING DATES**

**Tuesday 8 October 2019, 5pm**

## Oversubscription criteria 2020 summary:

### Contact academy for full criteria

Where the academy is named on a pupil's statement of special educational needs or education health and care plan, that child will be admitted by the academy. If the number of applications for admission to the sixth form is greater than the published admission number, applications will be considered as follows:

1. Looked after children and children who have been previously looked after.

---

2. Children of staff at the school where there is a demonstrable skill shortage. Children of members of staff will have priority in the oversubscription criteria if the staff member is filling a post for which there is a demonstrable skill shortage. Priority will be limited to one place for each form of entry in any year.

---

3. Children who at the time of the admission have a sibling who attends the academy. For this purpose "sibling" means a whole, half or step-brother or step-sister or an adopted child resident at the same address.

---

4. Children of staff in the school. Where there is no demonstrable skill shortage, priority may be given where the academy is oversubscribed to a child of a person who will have been employed in the academy for two or more years at the time the application for admission is made. Priority will be limited to one place for each form of entry in any year.

---

5. Distance measurement using a straight line route. A child's home will be the address at which the child normally resides and which has been notified to the academy and other relevant agencies as being the child's normal place of residence.

### LEVEL 3 SUBJECTS

- › Business Studies (Single Award)
- › IT (Double Award)
- › Media (Double Award)
- › Sport and Physical Activity (Double Award)

### GCSE RE-SIT SUBJECTS

- › English
- › Mathematics

## How to apply:

For full details on how to apply, please visit the academy's website.

## Academic entry requirements:

### A levels

- › All students are expected to achieve a minimum of 5 GCSEs grades 5 to 9 including English Language and Mathematics with at least a grade 6 in the subjects they wish to study. Some subjects have individual minimum entry requirements which are set out in the subject information sheets.

### Vocational

- › Students must achieve at least five higher grades, including Mathematics and English Language, with grade 5 in the vocational subjects they wish to study.
- › All students are expected to study the equivalent of four A levels in year 12 which is reviewed at the end of the academic year before progressing into year 13.

## 6TH FORM OPEN DAY/ EVENING DATES

Please contact the college for further information

## Published admission number:

The published admission number for year 12 is 50. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 100 of the academy's own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 150.

## Oversubscription criteria 2020 summary:

### Contact college for full criteria

If year 12 is oversubscribed then, after the admission of students with special educational needs where the school/academy is named on the statement or education health and care plan, the criteria will be applied in the order in which they are set out below to determine which student should be given priority for the places available on chosen courses, providing they have met the sixth form entry and course requirements:

1. Looked after children and previously looked after children

---

2. Children who, on the date of their proposed admission, will have a sibling who will then be a pupil at Bacon's College

---

3. Children of qualifying members of staff

---

4. Children living at a permanent address south of the River Thames with a South East London (SE) or South West London (SW) postcode on the basis of their proximity to the College – closest first

---

5. Children living in any other postal area on the basis of their proximity to the College – closest first

---

## WHAT IS IT LIKE TO STUDY HERE?

“Studying at Bacon's College is great because of the support from teachers and other staff. The opportunities provided in the sixth form to contribute to the community in the mediation team or the leadership team really help you to develop as a person. The academic and emotional support make you feel well prepared for the future. There are lots of opportunities for work experience and internships so you can really understand your options after sixth form, whether you want to go to university or an apprenticeship.”

Yaheetah Kusi-Mensah,  
studying Geography, Biology  
and Media Studies

### How to apply:

For full details on how to apply, please visit the academy's website.

### Published admission number:

The published admission number for year 12 is 15. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 45 of the academy's own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 60.

### Academic entry requirements:

#### Four A levels

- › Minimum of seven 6 to 9 grades in full course GCSE subjects
- › Minimum grade 6 in GCSE English and Maths
- › Minimum grade 6 in subjects continuing to A level
- › For non-GCSE A level subjects, a minimum of grade 6 in English and a Humanities subject

#### Three A levels

- › Minimum of five 6 to 9 grades and at least a grade 6 in English and Maths
- › Minimum of grade 6 in subjects continuing on into A level
- › For non-GCSE A level subjects, a minimum of grade 6 in English and a Humanities subject

#### Vocational plus one A level

- › Minimum of five 5 to 9 grades including at least a grade 5 in English and Maths and a grade 6 in the GCSE subject wishing to be studied at A level (or grade 6 in English and a Humanities in a non-GCSE subject)

#### Vocational only and English or Maths re-sit (if GCSE below grade 5)

- › Minimum of five 5 to 9 grades including minimum grade 5 in English and/or Maths

## WHAT IS IT LIKE TO STUDY HERE?

“Choosing to study here was one of the wisest decisions I have ever made. Every teacher ensures we are constantly pushed to strive for the very best so that we receive the maximum opportunity to succeed. I hope to achieve amazing A level results in the summer, which will allow me to receive a place at a Russell Group University.”

Morgan, studying A levels in History, Biology, English Literature and Mathematics

### Oversubscription criteria 2020 summary:

#### Contact academy for full criteria

If year 12 is oversubscribed, after the admission of students with special educational needs where the academy is named on the statement or educational health and care plan, the criteria will be applied in the order in which they are set out below to determine which student should be given priority for the places available on chosen courses, providing they have met the sixth form entry and course requirements for 2018:

1. Looked after children and children who were looked after
2. Students for whom it is essential that they be admitted to the academy due to significant medical or social needs
3. Sibling (including, half, step, foster and adopted siblings) of those currently on the roll of the academy at the time of admission, not at the time of application

#### GCSE RE-SIT SUBJECTS

- › English
- › Mathematics
- › Health and Social Care
- › Business Studies
- › Science (Double)

### How to apply:

For full details on how to apply, please visit the school's website.

### Academic entry requirements:

#### A levels

- › Minimum of six 9 to 6 grades at GCSE including English Language and Mathematics. Individual subjects may require specific grades in particular qualifications to enable study of a designated course.

#### Level 2 transition courses

- › Minimum of five GCSEs at grade 4 or equivalent including a minimum of three GCSEs at grade 5 or above, one of which must be English or Mathematics.

For further information please refer to the school's post 16 prospectus and application pack.

### Published admission number:

The published admission number for year 12 is 30. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 95 of the academy's own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 125.

## Oversubscription criteria 2020 summary:

### Contact academy for full criteria

If year 12 is oversubscribed then, after the admission of students with special educational needs where the school/academy is named on the statement or education health and care plan, the criteria will be applied in the order in which they are set out below to determine which student should be given priority for the places available on chosen courses, providing they have met the sixth form entry and course requirements:

1. Children in public care (looked after children) or children who were looked after but ceased to be so because they were adopted (or became subject to a residence or special guardianship order) i.e. previously looked after.
2. Where professional evidence indicates that there are particular psychological, medical or social needs which the school's learning support faculty agrees only Kingsdale has the capability of addressing or meeting and significant difficulties would arise were the applicant to attend a different school.
3. Students will be ranked by their average point score for their best five qualifying subjects for the course they wish to study.
4. Random allocation. This process will be supervised by a person not employed by or independent of the school (see Note 8 of Kingsdale's admission policy).

## WHAT IS IT LIKE TO STUDY HERE?

“Opportunity is the word that defines Kingsdale. It is a school that recognises hard work and then rewards it more than proportionately. Throughout my two years sixth form study I have been afforded various opportunities from learning to fly to doing work experience at the United Nations. The high standards set by Kingsdale have enabled me to study at Oxford University next year.”

Josh, year 13 student

### How to apply:

For full details on how to apply, please visit the academy's website.

### Academic entry requirements:

- › Five grade 6 or above GCSEs in five separate subjects to complete A level and five grade 5 or above GCSE grades to complete technical courses. Individual subjects also have specific entry requirements and to be enrolled onto courses, students will need to meet these. All students are required to have a grade 5 or equivalent in both English and Maths to study A levels or a grade 4 in both English and Maths to study technical subjects.
- › Student are required to have a grade 7 at GCSE to study A level Maths, Physics, Chemistry or Biology.

### Published admission number:

The published admission number for year 12 is 21. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 90 of the academy's own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 111.

## Oversubscription criteria 2020 summary:

### Contact academy for full criteria

If year 12 is oversubscribed then, after the admission of students with special educational needs where the school/academy is named on the statement or education health and care plan, the criteria will be applied in the order in which they are set out below to determine which student should be given priority for the places available on chosen courses, providing they have met the sixth form entry and course requirements:

1. Looked after Catholic children or looked after children in the care of Catholic families and previously looked after Catholic children who have been adopted or who have become the subject of a residence or guardianship order who meet the academic entry requirements

---

2. Other Catholic applicants who submit their application by the given deadline and who meet the academic entry requirements

---

3. Other looked after children and other previously looked after children who have been adopted or who have become the subject of a residency or guardianship order and who meet the academic entry requirements

---

4. Other applicants who wish to pursue their education in a Christian context, who support the Catholic ethos of the college and who submit their application by the given deadline and who meet the academic entry requirements

---

In the event of oversubscription in any of the above categories, as long as all students meet the academic entry criteria by subject, then priority will be given to students who firstly have a sibling attending the college and following that by students who live nearest to the college.

WHAT IS IT LIKE  
TO STUDY HERE?

“St. Michael's Catholic Sixth Form achieves the perfect balance between independent learning and nurturing talent at a personal level.”

Toni, year 12, Maths,  
Government & Politics and  
Psychology

6TH FORM OPEN DAY/EVENING DATES

Wednesday 16 October  
2019, 4.30pm to 7pm

### Courses and subjects offered:

#### A LEVEL SUBJECTS

- › Art and Design
- › Biology
- › Chemistry
- › Drama
- › English Literature
- › French
- › Further Maths
- › Geography
- › German
- › History
- › Mathematics
- › Media
- › Music
- › Photography
- › Physics
- › Product Design
- › Psychology
- › Religious Studies
- › Sociology
- › Spanish

#### LEVEL 3 SUBJECTS

- › Business
- › Health and Social Care
- › Information Technology
- › Performing Arts
- › BTEC Travel and Tourism

#### GCSE RE-SIT SUBJECTS

- › English
- › Mathematics

### How to apply:

For full details on how to apply, please visit the school's website.

### Academic entry requirements:

- › The applicant must meet the minimum academic requirement of five GCSEs at grade 5 including English and Maths to study level 3 courses. They must also meet the minimum grade requirements of the subjects they wish to study in order to be admitted onto individual courses.
- › The individual subject entry requirements are to be found in the subject and course specific information contained in the school's sixth form prospectus.

### Published admission number:

The published admission number for year 12 is ten. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 90 of the school's own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 100.

### 6TH FORM OPEN DAY/EVENING DATES

Please check the school's website for further information

## Oversubscription criteria 2020 summary:

### Contact school for full criteria

If year 12 is oversubscribed then, after the admission of students with special educational needs where the school/academy is named on the statement or education health and care plan, the criteria will be applied in the order set out to determine which student should be given priority for the places available on chosen courses, providing they have met the sixth form entry and course requirements:

1. Looked after children and previously looked after children.
2. Children who live the shortest distance from the school. This will be measured in a straight line from the main entrance of the child's home address to the main entrance of the school.

## WHAT IS IT LIKE TO STUDY HERE?

“The best thing about the sixth form is our friendships – we all respect each other and we have a close bond even though we come from diverse backgrounds. We have good resources and a lot of educational support such as one to ones and study support.”

### LEVEL 3 VOCATIONAL SUBJECTS

- › Sport
- › ICT
- › Business
- › Applied Medical Science

## How to apply:

For full details on how to apply, please visit the school's website.

## Academic entry requirements:

### Academic A level route

- › Both internal and external students must gain a minimum of seven GCSE grades 5 to 9 including English and Maths and grade 6 in the subject to be studied
- › Both internal and external students must achieve the subject specific requirements as stated in the school's course guide (available on the school's website). Typically, this is a GCSE grade 6 in the subject to be studied at A level.

### Vocational BTEC route

- › Internal and external students must gain a minimum of grade 5 in English and Maths and three other GCSEs grades 5 to 9

## Published admission number:

The published admission number for year 12 is 30. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 70 of the school's own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 100.

**6TH FORM OPEN  
DAY/EVENING DATES  
Thursday 21 November 2019**

## Oversubscription criteria 2020 summary:

### Contact school for full criteria

Applicants with an education, health and care plan (EHC) will be eligible for admittance in accordance with section 324 of the Education Act 1996.

The oversubscription criteria only applies to external applicants. If there are more applications than places available in the published admission number, (20 places), the criteria will be applied in the following order to determine which students should be offered places. After applicants with an EHCP, places will be offered in the following priority order:

1. Applicants who are looked after children and other previously looked after children who have been adopted or who have become the subject of a residence or guardianship order. Please note that children in private fostering arrangements are not considered looked after children.
2. Applicants who are baptised Catholics.

3. Applicants who have a sibling currently at St Thomas the Apostle College. (For example, the sister of a current pupil at the College). This would include step siblings, adopted siblings and half siblings living permanently at the same address.

4. Applicants whose permanent residence is closest to the College. This final criteria will act as a tie-breaker for two otherwise identical applicants. If two or more applicants are deemed to live at identical distance from the College, places will be decided by the drawing of lots.

In the event that a course is oversubscribed (typically more than 15 successful applicants to an A level class, 12 students per BTEC class) places will be offered on alternative courses that have spaces available. Students will fill a course allocation in order of GCSE average points score (APS) order in best eight GCSEs. Every effort will be reasonably made to accommodate all successful applicants' combination of course choices.

## WHAT IS IT LIKE TO STUDY HERE?

“Joining STAC sixth form was the best decision I made for my education after year eleven. I’ve had so much support whilst being surrounded by like-minded, ambitious peers and supportive teachers with high expectations of us all. The opportunities for work experience, UCAS advice, enrichment experiences has been amazing as it has built my confidence enormously.”

La’Kesiha Owusu Koduah, Year 12

### How to apply:

For full details on how to apply, please visit the academy's website.

### Academic entry requirements:

- › The current entry requirements are five grades 9 to 4 at GCSE including English Language and Mathematics. Any changes to the new entry requirements will be published on the school's website and in our prospectus for entry in September 2020.

### Published admission number:

The published admission number for year 12 is 60. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 120 of the academy's own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 180 pupils.

### 6TH FORM OPEN DAY/EVENING DATES

Please contact the academy for further information

## Oversubscription criteria 2020 summary:

### Contact academy for full criteria

Priority is given to pupils already enrolled at The Charter School, where there are appropriate courses. In the event of oversubscription, priority will be given to 'external' applicants in accordance with the criteria set out below:

1. Looked after children and previously looked after children
2. Children with siblings who are already on roll at The Charter School and will still be on roll at their date of entry
3. Children with exceptional medical, psychological or social needs which mean that The Charter School is the most suitable school to best address their needs
4. Children of permanent staff who work at The Charter School North Dulwich where:
  - a. either the member of staff is recruited to fill a vacant post for which there is a demonstrable skill shortage; or
  - b. the member of staff has been employed at the school for two or more years at the time at which the application for admission to the school is made
5. Other children living closest to the school by the shortest straight line measurement

## WHAT IS IT LIKE TO STUDY HERE?

**“The staff are great and we receive so much extra support from our teachers. They always encourage me to strive and become the best student I can be.”**

**Ex-sixth form student, year 12  
(Biology, Chemistry and Mathematics)**

#### LEVEL 3 SUBJECTS

- › Sport
- › BTEC Health and Social Care

### How to apply:

For full details on how to apply, please visit the academy's website.

### Academic entry requirements:

#### Level 3 study

- › All students will have to meet the basic entry requirement of four GCSE grades 9 to 5 including English and Maths at grade 4 and must also meet individual subject requirements.
- › For more information please view the City of London Academy's sixth form brochure.

#### Sports specialism in basketball

- › Prospective students in years 12 and 13 are able to complete a skills based assessment that evaluates their skills in basketball. Each year the academy is able to allocate up to ten places to students through this specialism. Students will be selected on the basis of our sports specialism in basketball, based on skills based assessment.
- › Please note the tests are open to all applicants. This test will take place at the City of London Academy.

### Published admission number:

The published admission number for year 12 is 25. This is the number of places which will be offered on an annual basis to eligible external applicants only. If fewer than 175 of the academy's own year 11 pupils transfer into year 12, additional external pupils will be admitted until year 12 meets its capacity of 200.

## WHAT IS IT LIKE TO STUDY HERE?

“I love the City of London Academy and enjoy studying here. Students have access to a wide range of opportunities, preparation for the world of work and are offered various trips. We are fully prepared and support for the next stage of our lives.”

## Financial support

As a 16 to 19 year old student you may be able to get help with money. There are different types of funding you may be able to claim.

### 16 to 19 bursary fund

There are two types of 16 to 19 bursary:

#### Vulnerable student bursary

You could get a bursary worth up to £1,200 depending on your circumstances.

This group includes:

- › People in care
- › Care leavers
- › People claiming income support
- › Disabled young people who receive Employment Support Allowance and Disability Living Allowance

#### Discretionary bursary

You could get a discretionary bursary if you need financial help but don't qualify for a vulnerable student bursary. Your education or training provider decides how much you get and what it's used for. Some providers also offer one off payments to cover study trips or travel for university interviews

#### How is your bursary is paid?

Your education or training provider will decide how you get your bursary. You might be:

- › Paid in full or in installments
- › Paid in cash, by cheque or through a bank account
- › Given things like a travel pass, free meals or books instead of money

Some providers also offer one off payments to cover study trips or travel for university interviews. Your provider will set conditions that students should meet to receive a bursary, for example, linked to behaviour or attendance and your bursary can be stopped if you break their rules.

For more information please visit [www.gov.uk/guidance/16-to-19-education-financial-support-for-students](http://www.gov.uk/guidance/16-to-19-education-financial-support-for-students)

### Benefits

The general rule on benefits is that if you are under 18 you cannot make a claim for any benefits. Your parents/carers will still get any child benefit or other benefits they already receive as long as you are under 19 and in full time education. If you are not engaged, and not meeting the Raising the Participation Age (RPA) requirements, benefits may be stopped.

If however you are living away from your parents, out of necessity, or have family to support, you may be able to make a claim.

For more information contact Southwark Choices **020 7525 4545** or your local JobCentre Plus **0345 606 0234**.

### Care to learn

You can claim Care to Learn if you are under 20, caring for your own child and doing a school and college course or training programme that receives public funding (fathers are eligible if they are the main carers). An application can be made as soon as you have a confirmed offer of a course.

For more information please go to [www.gov.uk/care-to-learn](http://www.gov.uk/care-to-learn)

### Dance and Drama Awards (DADA)

These are available at a number of accredited dance and drama schools. The professional courses cover acting, dance, musical theatre and production skills. You must be 16 or over and show talent and a likelihood to succeed in the industry.

A Dance and Drama Award can help you pay for your tuition fees and towards living costs. The amount you get depends on your household income and where you live and study. For more information on these awards check: [www.gov.uk/dance-drama-awards](http://www.gov.uk/dance-drama-awards)

## Other support

### Travel

If you are in full time learning you can apply for a 16+ Zip Oyster card. There is a fee of £20.00 and you will need a colour digital photo and an email address. To apply online and for more information go to <https://tfl.gov.uk/fares-and-payments/travel-for-under-18s/zip-oyster-photocards> or visit your local post office.

### Additional funding

If you are facing difficulties some learning providers do have additional funding to help pay for books, equipment of field trips. You can discuss this with your tutor or student support department. Other allowances may be available on other work-based learning courses.
