

Dear Parents/Guardians,

I am delighted to invite you to the first Key Stage 4 parents' evening of the school year on **Wednesday December 11<sup>th</sup>** from 4:00pm to 7:00pm. This is our first chance to review your child's first term of the year and the progress they have made.

Given the importance of this phase of your child's education, we expect all parents/guardians to attend.

**Year 11** - Parents/guardians will receive the results of their GCSE Mock Examinations and will be able to discuss these with each of their teachers. These results will shape the way the rest of the school year will go and the interventions that will be put in place to support them. They will also form the basis of their predicted grades that post 16 providers will require upon initial applications.

**Year 10** – Parents will receive their child's report based on their most recent assessments. Discussion of these with your child's teachers will ensure they are well set up for the year ahead and the rest of their GCSE studies.

#### **Further opportunities**

During the evening you will also have the opportunity to meet with a range of external bodies. These include:

- White Hat Apprenticeships
- Post 16 Education Providers including local 6<sup>th</sup> Forms
- School Nurse
- SENCO
- More to be confirmed

This promises to be a fantastic evening and is set to help guide your child towards the destination to which they aspire.

Please return the attached reply slip by **Wednesday November 29<sup>th</sup>** and feel free to contact Mr Egbuchiem at [pegbuchiem@compass-schools.com](mailto:pegbuchiem@compass-schools.com) if you have any questions.

**Mr Huntley**  
Principal

**Mr Egbuchiem**  
Head of Year 10 & 11
