\*Recommended £1 donation for Save the Children, or tinned/dry food for the Manna Homeless Centre

### Recent News

#### 2023 and beyond!

We are looking forward to sharing our Ofsted report with our community as soon as it is published, hopefully before the end of term. We are grateful for parents' support during the inspection and of course, the on-going fantastic work of our pupils and staff. It's onward and upward from here, a new building for 2023 and the possibility of an exciting new partnership for our school. Find out more at our Coffee Morning on Tuesday 6th December, 9-10 am.

#### Leatherwork trip

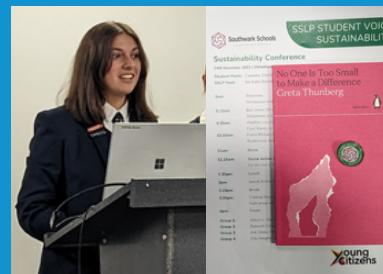

Mr May drove Leatherwork enrichment pupils to Northampton University this week.

They saw, first hand, how their enrichment can lead to further education and a career!

Students took part in a practical workshop too! A great day was had by all.

#### Sustainability ambassadors

5 year 10 students represented us as ambassadors of sustainability at the Southwark Schools' Learning Partnership Sustainability Conference. Greta was a student host of the day and she was excellent! Students heard from speakers who lead in different areas of sustainability to understand the importance of how we are impacting our environment and what we can do to be more sustainable. Students then worked in groups with other schools, with the help of Young Citizens, to produce an idea to develop into a project for this year. They chose sustainable fashion and are planning a great event to raise awareness about this.

## Sport leadership

Our Sports Leaders have been displaying their excellent coaching skills this week by supporting younger year groups in their lessons. Look out, Mr Flowers and Miss Kidney! Well done to all of our Sports Leaders for all of their hard work!

## Positive prosperity

We are back over the 30,000 mark for this last fortnight! Well done everybody a total of 30,377 positives were awarded. The highest achieving year group was year 8 with just under 8000 positive points. The top 3 performing learning families were 1OEPE, 7BMA and 8ISH. Our end of term reward trips are going on sale so every positive counts.

## World cup fever

Students were given the opportunity to watch the first England game of the World Cup and what a game it was! The atmosphere in the rooms was amazing and well done to everyone for maintaining our high standards of behaviour which allows us to have these opportunities.

## Compass has got talent

This year as part of our festive celebrations we will be hosting a talent show on Friday 9th December. Please note, school will close at 1p.m for students on that day. This plans to be a memorable evening and an opportunity to celebrate the wonderful talents of our pupils. We look forward to seeing you all there.

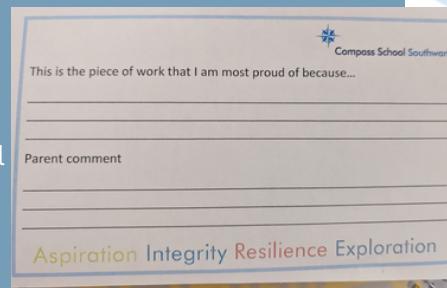

## Anti-bullying student ambassadors

Our anti-bullying ambassadors attended a training session with the Diana Award. Our ambassadors joined a variety of other schools at the session in order to gain skills to use when back in school. Our students are now working towards achieving the Community Badge to recognise our work in beating bullying. We wish them every success.

## Acknowledging achievement

Over the next few weeks students will be coming home with their exercise books ready to share their achievements and progress so far. This is a great opportunity for students to showcase their work with people at home. As part of our "going all in" theme for the year, we want to give as many opportunities as possible for parents and carers to get involved in what their child is doing in lessons and the progress they are making.

## Attendance Matters!

Lots happening within the world of attendance. Year 7 are looking to lift the attendance league trophy again. Currently 7WSE and 7MCA are holding onto both 1st and 2nd position.

The winners will receive our legendary attendance Premier League trophy. All pupils who achieve 100% attendance this term can bag themselves a free breakfast and every week one lucky student being chosen to skip the lunch queue.
